Dear Taylors Lakes Recreation Club,

RE: LEVEL 3 MONITORING REPORT APPROVED

Congratulations to your club for maintaining its Good Sports Level 3 accreditation following the successful completion of your Level 3 Monitoring Report online.

The Australian Drug Foundation's Good Sports program works in communities to make sports clubs safe, healthy and family-friendly. We thank you for continuing to strengthen this grassroots sporting community movement.

As part of your Level 3 maintenance, enclosed are replacement items as requested through your online monitoring form for you to display to show your members and visitors that you are part of the Good Sports program.

We look forward to your ongoing participation in Good Sports and supporting your club in providing a safe, healthy and family friendly sporting club environment.

Thank you for your commitment.

Kind Regards

The Good Sports Team
